Recent Testimony of a timely rescue from Suicide as testified by an individual

'On 18th February 2026, I went to Alaba market and purchased goods worth millions, which were the proceeds from the sales of

my property I sold to start a business. When I was done buying, I got a vehicle and loaded my goods. While paying the loader, the driver drove off with my goods, and all means to get the driver proved abortive. So, I went to my customer and narrated the situation; the seller said there was nothing they could do. I went to the police station and was told to come back the following day, which I did, but to no avail.

While I was dealing with this, I had a pending court case for over a year, as my company was owed 86 million naira; so a friend who represented me in court called to tell me we lost the case. At that point, I decided to commit suicide. On my way home, I bought a sniper (poison), and I was to stop at a particular bus stop, but I found myself at Iyana Iyesi, where I saw Bishop David Oyedepo ministering. I told the bike man to wait for me, and while I heard the Bishop preach, I suddenly developed muscle cramps, and I could not move again. The bike man beckoned to me, but my feet were too heavy to move. Then, the Bishop said, "Someone is planning to kill himself, but your tomorrow is better than today." Suddenly, my suicidal thoughts were replaced by calmness. When he made the call for salvation, I gave my life to Christ; he prayed for us, and joy filled my heart. I, who was bitter and suicidal, the Lord has rescued me through the Bishop. To God be the glory!' — *Micheal O.* ***(he has since become a member of this church)***
