Bible School Course Descriptions Winter/Spring Semester 2025-2026

Basic Writing

A course in basic writing skills and concepts of grammar with particular emphasis placed on paragraph organization, sentence structure, grammar and usage skills.

The Books of First and Second Thessalonians

The books of First and Second Thessalonians are letters from the Apostle Paul aimed at encouraging both new and mature Christians to persevere in their faith, especially during the time of persecution. This course will explore the instructions provided in these letters regarding holy living and the future return of Jesus to rapture His church.

Child/Youth Evangelism Courses

These Courses are designed to give a simplistic approach to learning the Bible which includes learning scriptures and understanding God's plan of salvation.

Child Evangelism - This course is designed for children between the ages of 4-14.

Youth Evangelism II - This course is designed for children between the ages of 15-17.

Heaven

Whenever we go on a trip, we want to learn as much as possible about the destination we plan to visit. This includes understanding the climate, the living conditions of our accommodation, the available amenities, the food, the people, the culture and the duration of our stay. Everyone aspires to go to heaven, yet too many believers remain oblivious of our eternal heavenly home. The objective of this course is to answer as many of your questions as possible through the Holy Scriptures regarding The Place Called Heaven.

The Parables of Jesus

Jesus is the Master teacher. Throughout His teachings, He used approximately forty distinct parables. In this course, we will be studying five of His most popular parables alongside five of His most challenging parables. If you want to gain a deeper understanding of these ten parables, this class is designed for you.
