

Carol Anderson

I have been part of Unity all my life, learning and living its principles daily. I strive to bring patience, compassion, and a collaborative spirit to everything I do, and I am always willing to step in wherever there is a need. My service as an Offering Steward, involvement in outreach programs, and support of church ministries allow me to live these principles in action. I am also active in Scouting America, and I find inspiration and renewal in nature—bird watching and quiet mornings with coffee remind me of Spirit's presence in everyday life. My lifelong commitment to Unity guides me to serve with love, intention, and gratitude.

With gratitude,

Carol Anderson
