

## Patio Update 6/11/26

Church family,

Below is the current progress update in regard to our patio project. If you have any questions, please feel free to email me at [maya.benishek@cwcmv.org](mailto:maya.benishek@cwcmv.org).

In the last update, I shared that we made some changes to the design by keeping the existing ramp up to the café and adding a step in front of the café door and a railing along the ramp.

At this point, here's where we are:

- **Need to make a decision about the concrete contractor.**

I received an updated quote from Justus Concrete Solutions. I have not heard from Cardenas Construction. I am seeking one more quote. I got a recommendation that this person does good work for a cheaper price than any of the quotes I received. **We will be deciding about concrete contractor on Monday, June 15<sup>th</sup>, 2026. Please be praying that the Lord will give us wisdom in choosing a contractor.** Once this decision is made and a contract is signed, we can create a timeline and start ordering everything else.

- **Confirm railing cost.**

Someone in the congregation offered to build us a railing at cost. They will be putting the price together once I send them the dimensions. (Working on that today!)

We are so close! Please continue praying for wisdom and that God's will would be clear as we work out the final details. Please also pray that everything will move smoothly once we get started on building.

Thank you for your prayers and patience.

Maya Benishek
