**Lyrics and style: Kathy Beasley**

## Verse 1

I am the light. I came here to shine  
A spark of the sacred, a life by design  
Through every season, through every change  
The fire within me remains the same

It lights my questions, it lights my way  
It greets the morning and blesses the day  
A quiet knowing, steady and true  
Guiding each step in all that I do

## Pre-Chorus

When the road unfolds before me  
When new horizons call my name  
I remember who I am  
I remember why I came

## Chorus

We are the keepers of the flame  
Lighting tomorrow today  
Holding a vision of goodness alive  
And living it all the way

We are the keepers of the flame  
Shining wherever we stand  
Lighting a path for ourselves and the world  
With open hearts and willing hands

## Verse 2

A keeper of the flame is someone who knows  
The smallest kindness continues to grow  
A word of encouragement, a welcoming smile  
Can brighten a life for more than a while

A keeper of the flame remembers the light  
When others are searching for hope in the night  
They offer their presence, their wisdom, their care  
And leave a little more brightness there

### Pre-Chorus

Every moment is an invitation  
Every day is a chance to begin  
The fire of possibility  
Is already alive within

### Chorus

We are the keepers of the flame  
Lighting tomorrow today  
Holding a vision of goodness alive  
And living it all the way

We are the keepers of the flame  
Shining wherever we stand  
Lighting a path for ourselves and the world  
With open hearts and willing hands

### Hook

Keep it burning  
Keep it bright  
Keep it glowing through the night

Keep it burning  
Keep it strong  
This is where we all belong

Keep it burning  
Let it shine  
Your light and mine, your light and mine

### Bridge

The flame is courage  
The flame is grace  
The flame is seeing possibility in every place

The flame is wisdom  
The flame is love  
The flame is the living presence moving through us all

### Final Chorus

We are the keepers of the flame  
The ones who remember the way  
Choosing compassion, kindness, and joy

Again and again each day

We are the keepers of the flame  
A light that continues to grow  
Lighting a path for ourselves and the world  
Wherever we choose to go

Outro

I am the light. I came here to shine  
A blessing unfolding through this life of mine  
The flame burns brightly, steady and true  
Lighting the world through me and through you

Keepers of the flame  
Keepers of the flame  
Shining together  
Again and again.
