

Patio Update 7/16/2026

Church family,

Below is the current progress update in regard to our patio project. If you have any questions, please feel free to email me at maya.benishek@cwcmv.org.

The concrete is done! I am so happy with how it turned out. Here's what's next on the list...

- Railing
- Planters
- Furniture
- Parking Blocks

We've decided to add on to the railing to block off the step entrance in front of the café. (Everyone will have to use the ramp to enter the café, just like before.) We learned that the landing is too short by 4 inches and it has caused people to trip off the step, so we need to correct that. We also need to paint the railings to give them a finished look.

The planters have been ordered and will be delivered and installed in mid-August. Once they have been installed, we will order the drainage rock, soil, and plants to make the planters beautiful!

I will order the furniture (tables, umbrellas, and umbrella stands) and parking blocks within the next couple of weeks and work with volunteers to get them assembled and installed when they arrive.

We're on our way, making progress one step at a time! 😊

Please continue to pray that everything arrives in a timely manner and with no damage. Please also be praying for wisdom in who to ask to help with anchoring and installation of everything being put on top of the concrete. We want the work done well.

Thank you for your prayers and patience.

Maya Benishek
