Abiuso, Chris & Julie

MEXICO

The Abiusos have served primarily in the state of Jalisco-city of Guadalajara since 2003. They have served in a variety of ministries, projects, and needs within their district. Their primary focus has been in kids' evangelism, training workers, and providing children's ministry material for the churches. Julie was the coordinator for the district kids' ministry for the past 2 years. Chris has dedicated his time to district construction and expansion projects. Chris and Julie have invested 14 years into one particularly marginalized neighborhood where they established a kids' church in the park. They have helped hundreds of kids and families with both spiritual and physical needs.

Alanya, Sonia

VALENCIA, SPAIN

I was born in Lima, Peru. At a very young age, I receive Jesus as my savior and my call to the nations. From that point, my life changed. At age 11, my family and I moved to New Jersey USA. And that was the start of a new life in a new country, culture and language.

I will be joining a church planning team and together, we will raise up a new life giving church in this spiritually needy region of the world. Our mission is to lead people to healing and wholeness through a real relationship with Jesus Christ. I was part of a church plant in Lakewood, NJ when I got my call to serve as a world missionary, and said yes to the call. Since, I have served a 2 term in Romania in another 2 year and Hungary as a discipleship pastor. Now, an ordained minister and full appointed missionary, I have the opportunity to plant the church in Valencia, Spain. I look forward to see the power of God, displayed once again in this new phase of Ministry.

Gerritt & Tara Kenyon

PANAMA

The Kenyon's have been ministering in Panama since 2010. As they have been sharing the gospel in the public high schools of Panama City through ethics and character presentations, an urgent need has emerged through altar-time conversations with students. An alarming number of students, primarily, though not exclusively, girls, have come to them ruined by the horror of sexual abuse. Through these altar times, the Holy Spirit has burdened the Kenyons to take action in the lives of these girls, mending these broken daughters. In response, they have hosted an annual Girls-Only event since 2012 called "ILUMINA" to address these taboo issues and facilitate healing through dynamic testimonies and the presentation of the gospel as their hope & future. They minister to over 3,000 girls throughout each conference. They hosted their first boys conference in 2017 and ministered to over 700 young men in the one day event. In addition to the annual conference and on-going school ministry, the Kenyons have opened El Refuge Urban Ministry Center as a place where students can go before and after school, the hours when sexual abuse is known to commonly take place. At El Refuge, students get help with homework, learn English and advanced computer programs, as they participate in mentoring and discipleship.

Lane, Noah & Melanie

MEXICO

Since we were young we both have had a heart for missions. We pursued these missions callings (separately) throughout young adulthood by taking mission trips and doing various types of missions ministry in Africa, Asia and Latin America. Melanie was also a missionary kid to Mexico in her teenage years! God brought us together and we got married in 2012, and since then we have been asking God how to pursue that calling together.

God led us to Life Chapel where we have served as Associate/Youth Pastors for the 3 years. During those years the Lord confirmed and reaffirmed our joint calling to be missionaries to Mexico. With the blessing of our senior pastors, we began the application process and are now newly appointed Assemblies of God Missionaries! Noah graduated from Central Bible College and then recieved his Master's Degree at Assemblies of God Theological Seminary. Melanie is a beautician by trade and loves all things creative. We both have a huge heart for those that have never heard the gospel. We are working in Southern Mexico among unreached people groups. There are over 160 different dialtects, many of which are strictly oral languages. Our desire is to serve alongside other Mexican believers and leaders to reach the many who have never of Jesus Christ! We will be helping to do this through training oral learners, Bible school teaching, and church planting.

Laws, Diane

POHNPEI, ASIA PACIFIC (MICRONESIA)

For nearly three decades I have served in Micronesia. From the Marshall Islands, to Kiribati, to Kosrae, and now on Pohnpei, I have taught children, trained workers and served the local church. I have learned languages and lived in cultures not my own. I have built relationships and earned the right to speak into lives. God has given me a voice and a place of influence.

And now God is expanding my vision! And my sphere of influence! This term I will be serving ALL nations of Micronesia with Biblical training for winning and discipling children for Christ. That's seven nations and territories! Seizing the opportunity of truly introducing children to Christ - in the church and in the community - while their young hearts are tender and open, I will assist local workers to understand the urgency and the mandate from God's Word to reach every child. By training, resourcing and commissioning local believers to get serious about planting the Good Seed of the Word of God in fertile hearts - in "good soil" - we look to the Lord to transform young lives into true disciples of Jesus Christ! May every island see great change as God reigns in each young heart!

Marton, Carolyn

MEXICO

Carolyn Marton has served in Mexico with Assemblies of God World Missions since 2009, living and working first as a missionary associate in the city of Guadalajara and then most recently as a fully appointed missionary in the Bajío Region of Central Mexico. The ministry focus in Central Mexico is on evangelism and church planting, working with local pastors in the Bajío District of the Mexico Assemblies of God. Carolyn has traveled extensively to different communities in the Mexican states of Guanajuato, Michoacan and Queretaro, to assess the needs and determine how a partnership might be formed with the national church to best serve that region. Opportunities have been given for preaching, children's ministry teacher-training, and evangelistic outreach through kids ministry and medical/dental clinics. Church teams from the United States have been received to assist with week-long VBS, sports and arts camps, prayer-walks, food distribution and hospital prayer ministry. The number one priority is to reach communities where the Gospel has not previously been received and a growing church is not present. Carolyn also serves the district Bible school by preaching in chapels, mentoring students and working together in missions outreach. The Bible school serves to train and equip national pastors, ministers, teachers, church planters and future missionaries.

McCarthy, Steve & Jill

URUGUAY

Steve and Jill McCarthy minister in one of the most economically and politically stable countries in all of Latin America, yet one of the hardest to reach with the gospel. Steve and Jill are involved in teaching and preparing new pastors at the Bible School and in sports evangelism, using soccer as a bridge to reach the lost. In addition, they are part of Hope for Uruguay 100, an initiative that is raising up and mentoring new church planters with the hope of establishing 100 new churches and building 100 permanent structures for these new and growing congregations. Please pray for them as they serve in a place historically referred to as the "Graveyard of Latin American Missions".

O'Loughlin, Patrick & Michelle

CAPE TOWN SOUTH AFRICA

SFor 8 years we have been serving across the country in the area of church planting. We have the passion and heart to see healthy life-giving churches planted across South Africa and specifically in Cape Town. We don't want to be a church that exists in the city. We want to be a church that exists for the city. We want to be a church that can reach all different spheres of people in this new Urban Tribe. We see an emerging tribe amongst the diverse people that are coming together. These groups of people are no longer based on ethnolinguistic groups, but are based on the commonalities of who they are as people. We want to be a church that can reach all different spheres of people in this new Urban Tribe.

Roman, Billy & Havilah

ANTIGUA & BARBUDA

We are the Roman Family. We are serving in the island of Antigua as Missionary/Pastors. Our ministry also spreads out to the surrounding islands of the West Indies. Our purpose is to help plant churches in a region of over 20 islands in the West Indies where there are no AG churches and to reach and minister to large populations of unreached, and Spanish-speaking immigrants for Christ. Antigua is a place with much need for the gospel. The streets are controlled by heavy strongholds of prostitution, drugs, corruption and poverty. In our current ministry, we were able to plant the first Assembly of God church on the island. It is a Bi-lingual, multicultural church that is growing healthy leadership and new believers who will carry the gospel forward from Antigua and beyond. We provide pastoral and leadership training, we reach out to the lost with the good news of Jesus and touch the lives of the many homeless people, prostitutes, kids and addicted youth on the streets. We also host missions' teams who come and help with various ministries including children's VBS, helping needy families repair their homes, street literature evangelism, youth ministry and so much more. As we continue to build this brand-new church plant in Antigua and see it be strengthened and established, our vision is to send out ministers and together with them plant other healthy AG churches in this whole region. Our Vision is not just for on single church plant, but for a Movement of church plants across the region.

Schesser, Scott & Leah

GERMANY

They are called to support the international churches through transitional ministry, interim pastoring, partnerships, and their involvement in FEIC (Fellowship of European International Churches). Scott and Leah come from a long history of ministry to the military, starting in 2002 at McGuire Air Force Base in New Jersey and then Marine Corps Air Station Iwakuni, located in Japan, where they ministered to military youth. They then were called to pastor Rock Point Church (formerly Iwakuni Assembly of God) in Japan, where they ministered from 2011 to 2019. Rock Point Church not only reached out to the American military, but also Japanese nationals and other English-speaking foreigners. They believe it's not about one church, but about building the kingdom of God.

Tabor, Troy & Lisa

CAMBODIA

Wallace, Stephen & Sonia

FINLAND

Stephen and Sonia Wallace have been fully appointed AG missionaries since 2003. They began their missions journey in the nation of Argentina where their focus was to help lead one of the national residential Bible schools located in the heart of the country. Their responsibilities included an active teaching ministry and serving as the directors for the Bible college for their final 8 years in Latin America.

Their heart for making disciples, teaching and working with young people lead them in 2016 to answer God's call to the nation of Finland in northern Europe. As the second missionary couple ever to serve in Finland, the Wallace's are supporting the national church through discipleship, teaching and the pioneering of a university ministry in the capital region of Helsinki. They are also currently leading an international ministry based out of their local church.

The Wallace's are praying for God to bring renewal to the nation of Finland and hope to be part of what God is doing in this beautiful nation.

Walter Hoving Home

GARRISON, NY

Many of us, over our lifetime, experience trauma, or tragedies, or challenges that can leave “cracks” in our lives. Over time, these cracks create pressure and pain, and we look for ways to deal with it . . . many times this can lead to unhealthy options that result in shattered lives. **Hoving Home is committed to helping women heal and rebuild their shattered lives!**

Thank you, church family, for your continued faithful giving and offerings, to support our missionaries as they work to share the Gospel and further the Kingdom of God.

Continue to pray for our missionaries. The power of prayer reaches the nations!

Devote yourselves to prayer with an alert mind and a thankful heart. Pray for us, too, that God will give us many opportunities to speak about his mysterious plan concerning Christ. - Colossians 4:2-3
