IMPORTANT MESSAGE

Please be advised that beginning in 2025, the Carbon Valley Community Church will conduct maintenance at the Freudental Cemetery. This will involve the burying of sunken slabs and/or the removal and disposal of broken headstones, and slabs. Any broken or sunken stones or slabs will be replaced with metal grave markers with the deceased’s name, date of birth and death.

Since church records do not indicate who is responsible for these grave sites, this notice is to inform anyone who has relatives buried at the cemetery to contact the church if they would like to repair or install new gravestones before the maintenance begins. Also, if you do not have a relative at the cemetery, but know of people who do, please make them aware of this notice.

If you plan to update your relative(s)’ grave site, or if you have any questions, please be in contact with our Moderator: **Bill Baldwin at (403) 572-3692 or email at Baldwin3692@gmail.com.** Any upgrades that you want to make to your relative(s)’ site(s) will be fully at your own expense.

If the church does not hear from relatives by **March 31, 2025**, it will be assumed that the church has permission to go ahead with its plan.
